

## THE GAS STATION

Returning from our vacation my wife and I got so caught up in singing gospel hymns as we traveled down an unfamiliar interstate that I forgot the gas gauge. When I noticed the gauge it was on empty. I immediately turned off the air-conditioner, rolled down the windows and dropped my speed from 70 to 50 mph. to use less fuel. My wife began to pray that God would lead us to a gas station before we ran out of fuel. Unknowing to us the next exit was four-mile away. Those four miles were silent miles. Until we saw the exit sign invited us to fuel up! I put 14.8 gallon of gas in a 15-gallon tank.

So many times we pray for God to help us, but unwilling to give up our comforts to assist Him. God desires that we be willing to assist Him as He answers our prayers in The Daily Walk.
