

Dear Community Arts Partner,

The Dr. Phillips High School Dance Magnet Program is in need of your resources. We have been enriching the lives of our students through artistic opportunities since we opened in 1987. Our students must audition for acceptance into the program and many come from all over Orange County to follow their dream. Our curriculum includes:

- Ballet / Pointe / Modern / Jazz technique
- Improvisation
- Health / Fitness awareness
- Multiple performance experiences (school-based and community)
- Valencia Community College (VCC) Dual enrollment
- "Dance in Motion" Performance Company
- Field Trips / Workshop intensives
- Master classes / Adjunct teachers
- Regional / National Festivals
- Scholarship Opportunities
- Student Leadership

As you can see, we offer a very fulfilling program! However, many of these opportunities cost money beyond our own fundraising capabilities. We are looking for financial assistance within the community in order to continue these educational experiences. We invite you to become involved as a sponsor of dance, in the level of membership* that best suits you:

Special Achievement!	\$10,000	_____	4 tickets to Feb/May concerts / photo opportunities & a special meet the dancers!
