I. Oral history Collection at IHCC (John Marshall Strike)

II. Changes to current course

- a. More music-a theme song for each day from the Freedom Songs
- b. New perspective on King's assassination
- c. New connection to labor struggles (see I)

III. Social Issues Course-

This is an existing course that focuses on a single topic each year (for example, poverty or homelessness). The course includes 2 orientation sessions of lecture, video, and discussion. Students then travel for up to a week exploring the topic through the experiences at various locations. Summer '06 I plan to arrange a section of this course on Voting Rights/ Freedom Summer. Students will travel to Memphis & the Delta (MS).
