

SAVE MONEY!

Buying a house today is stressful and time consuming.

AFFORDABLE HOME INSPECTIONS

can take some of the worry out of the purchase. It will give you a complete perspective. Most houses aren't perfect and the report will give you an unbiased evaluation of what will need attending to now and a few years down the road.

Remember most houses will last a lifetime, but intricate parts will wear out.

INSPECTOR

*Don't risk the expense.
Know the condition of
your home before you
buy.*

The building analysis report has been designed with every step mapped out for your convenience.

Our pre-inspection agreement will cover...

- Summary
- Structural and Basement
- Heating and Cooling
- Plumbing and Bathrooms
- Electrical and Kitchen
- Interior and Attic
- Roofing and Exterior
- Grounds

- * Purchaser attendance encouraged
- * Report available same day of inspection
- * Unbiased evaluation

Every section has detailed easy to follow categories. Each section from Structural to Roofing contains valuable preprinted maintenance tips and important information on common deficiencies.

Radon and other types of testing also available.
Water, Soil, Air, etc...
