Measurements – Please measure your dog. Do not pull the tape real tight as it can stretch and cause the garment to be too small.

1 =Neck	4 Girth
2 = Length	5 Waist
3 = Chest	6 Height

Include other measurements if needed and draw on the diagram. For example half way down the back or where the V should be made for the boy dogs. If your dog has an unusual shape such as a deep chest, be sure to measure the chest at deepest part. Send

us a photo of your dog if you want.

We will keep this on file so you can order over the internet in the future or phone in an order.

Please add comments, suggestions or tell us what you would like to see for your dog. Themes or particular items. We will be adding the following:

- Bow ties and girl collars for holidays (Valentines, St. Patrick, 4th of July, etc.)
- Rain slickers (custom for your dog)
- Reflective coats and vests so your dog can be seen when you are walking at night or early AM.
- Snoods and cool-down coats for greyhounds and working dogs.
- Custom handmade wooden beds
- Custom dog houses
- All ideas for themes and accessories become the property of Dashing Hounds. If we use your idea, your themed trousseau or accessory is complementary.
