Re: Letter of Recommendation

My name is Steve Hutchinson and I am writing this letter to recommend Kris Hall for the position of Flight Attendant.

I am a Pilot for Northwest Airlines and am currently flying as a First Officer on a B-747. I have been in commercial aviation for over 20 years and have experienced working with many types of aircrew, pursers, and flight attendants.

I have had the privilege and pleasure of knowing Kris for many years, both personally and professionally. She has consistently displayed the qualities and values of one who can handle any unusual situation a person or passenger can throw her way, and, still leave that person smiling and wanting more of her First Class attention. Kris is charming, attractive, confident, and has that special aura about her that one comes to expect from a professional flight attendant.

Whatever airline Kris decides to work for will be lucky to have her on their team.

Feel free to contact me at any time for any further information or references.

Sincerely,

Steve Hutchinson
