

Margarite's Message

Written February 2008

This is shared in memory of Margarite, age 49 ½

Don't rush me Lord
I want to say
Some special words
To Source Force today

I have been sick so long
And it has been so tough
But with all your love and help
I kept going enough

Nobody else gave the clothes and hugs
And paid attention if I needed to talk
My grandma always said to me
Real good people walk the walk

Source Force is good people!

I'm leaving soon I know
And will be good as new
But most of all I will
Never forget all of you

I thank God for my Source Force
And pray it goes on and on and on
To save folks like me.
