

DIRECTIONS TO KLAUSCHER ARCHITECTS' OFFICE

366 Lincoln Avenue – Bellevue, PA 412 / 766 - 7200

FROM 279

Get off 279 at exit 14 Bellevue / West View. At the end of the exit ramp, turn left at the traffic light onto Union Avenue. Follow sign to Bellevue.

(Oddly enough, whether you are coming from the north or the south, it's still a left at the light. If you are coming from the south [i.e. if you are northbound] you will go straight through a second traffic light at the south-bound exit ramp across the highway)

Go about 1.6 miles, there is a traffic light at N. Starr Ave. Make the left onto N. Starr Ave.

At the next light (0.2 miles), make a left onto Lincoln Avenue. (When you make the left, you're keeping Kuhn's Market on your right.)

Once you're on Lincoln go to the 2nd traffic light (0.5 miles); you will be at the corner of Lincoln and North Fremont. Classic Chevy used cars will be on the left corner, and our building (big red brick with white pillars) is on the far left corner.

- In case you're looking for a sign, there is no sign in front of our office – the street number 366 is visible above the door.
- Sorry! We do not have a parking lot - just a driveway. There is parking on the street.

IF YOU'RE ALREADY IN NORTH HILLS

Instead of getting on 279, take 19 (Perry Highway) into West View. Just as you come into West View (from the north) there is a traffic light at an intersection of Perry Highway and Highland Avenue (with an Eckerd's and a 7Eleven store on two of the corners). Make a right at that light onto Highland Avenue. Take that past Highland Country Club. The road will end at a T at Gass Road. Make a left onto Gass Road. In about a half mile you will come to 279. When you cross over 279, Gass Road becomes Union Avenue and you can pick up the directions above...

COMING FROM DOWNTOWN PITTSBURGH

Take the Fort Duquesne Bridge to the North Side. On the bridge follow signs for Route 65. Follow Rt. 65 through the North Side – past the McKees Rocks Bridge – then you will come into Bellevue. In Bellevue there is a traffic light along Rt. 65 with a Papa John's Pizza on your right and a McDonald's on your left. At that traffic light turn right. Within thirty feet the road immediately splits – take the right hand side of the split. This is Riverview Ave. and as you drive up hill it curves to the left. It will turn into South Fremont Street. At the top of this hill there is a traffic light at Fremont and Lincoln Ave. (Lincoln is the dividing line between North Fremont and South Fremont.) When you get to that traffic light you are looking right at our driveway. I do not recommend pulling into the driveway because it's not easy to back out onto Lincoln.

IMPORTANT WARNING!!

Just in case you decide to supplement these directions with a Mapquest query, be aware that there are several Lincoln Avenues in the Pittsburgh area! Mapquest has an uncanny ability to take people to the wrong Lincoln Ave. We are not in South Hills! We are not directly off of Rt. 19 near Pines Plaza! We have a Pittsburgh 15202 zip code but we are in the Borough of Bellevue.
